

notified of the amount of the anticipated fee or such portion thereof as can readily be estimated. Such notification shall be transmitted as soon as possible, but in any event within 5 working days of receipt by the Corporation, giving the best estimate then available. The notification shall offer the requester the opportunity to confer with appropriate representatives of the Corporation for the purpose of reformulating the request so as to meet the needs of the requester at a reduced cost. The request will not be deemed to have been received by the Corporation for purposes of the initial 20-day response period until an advance payment of the entire fee is made.

(j) Interest may be charged to those requesters who fail to pay the fees charged. Interest will be assessed on the amount billed, starting on the 31st day following the day on which the billing was sent. The rate charged will be as prescribed in 31 U.S.C. 3717.

(k) If the Corporation reasonably believes that a requester or group of requesters is attempting to break a request into a series of requests for the purpose of evading the assessment of fees, the Corporation shall aggregate such requests and charge accordingly. Likewise, the Corporation will aggregate multiple requests for documents received from the same requester within 45 days.

(l) The Corporation reserves the right to limit the number of copies that will be provided of any document to any one requester or to require that special arrangements for duplication be made in the case of bound volumes or other records representing unusual problems of handling or reproduction.
